CENTRAL VIRGINIA IIBA® CHAPTER MEETING

Who's the Boss: An Intro to Servant Leadership in IT

You are cordially invited to attend the **5th Annual GIVE BACK Event**. Each year we commit one meeting to give back to our local community. This year, our featured charity is [Tech for Troops Project](#). (T4TP) is dedicated to empowering veterans with skills, computers and IT work force training. We are also excited to partner with [#rvatech/jam](#) as a 2017 sponsor.

Our Speaker

[Matt Arnone](#) of [Impact Makers](#) Senior strategy consultant, program manager and process engineer with proven record of delivering powerful new, innovation capabilities to large, traditional organizations. Fifteen+ years of corporate experience (with seven years of strategic consulting) as valued partner to senior executives in financial services, healthcare, US military, defense and major corporations to successfully address pressing strategic issues relating to organizational transformation, effective innovation and understanding their strategic trade spaces. We are pleased to have Matt share his insight into Servant Leadership in IT.

Please consider donating cash or your used technology equipment to help **T4TP** help our local veterans and their families. See the list of needed tech items [here](#).
